

Securities Trading Policy

INTRODUCTION

Ardent Leisure Group (including its associated entities)(the **Group**) is committed to ensuring that it's operating entities, its directors (of all Group entities) and employees comply with their legal obligations as well as conduct business in a transparent and ethical manner.

PURPOSE

The purpose of this Policy is to regulate trading by all directors and employees of Group entities (the **Directors** and **Employees**) in any securities issued or nominated by the Group.

The Policy also applies to financial products issued or created over such securities (including but not limited to warrants, options and derivatives), entering into financing arrangements over financial products including establishment of a margin loan over such securities (together **Securities**).

The list of **Securities** issued or nominated by the Group is attached to this Policy as Appendix A. Individuals should be aware of Group Policy and legal restrictions, as well as their individual trading in securities whilst in possession of price sensitive information.

"Price sensitive" information is information which is not generally available and which a reasonable person would expect that if the information were disclosed it would have a material effect on the price of the **Securities** and it would therefore influence investors in deciding whether or not to buy, hold or sell **Securities** issued by the Group.

This Policy does not prevent **Directors** and **Employees** from participating in any share plan or share offers established or made by the Group, provided that at the time the individual gives a blanket election to participate, he/she is not in possession of any price sensitive information. Further, the individual may not subsequently vary that election until such time as they are again not in possession of such information.

Scope of Application

This Policy applies to all **Directors** and **Employees** of all entities within the Group. In addition it applies to trading by their:

- spouses;
- children under the age of 18 years;
- dependent children living in the family home;
- trusts under which they or a member of their family are a trustee or beneficiary; and
- companies which they or their family control.

Discretion to vary Security Trading Policy

The Group may in its discretion vary this Policy in relation to any time period or prohibition by general or specific announcement.

Policies Prohibiting trading in securities issued by the Group- all personnel

Insider Trading

At all times **Directors** and **Employees** are prohibited from trading in **Securities** while in possession of unpublished price sensitive information.

This prohibition applies even during periods when trading windows are permitted under this policy if a person is in possession of price sensitive information. In addition to not being able to deal, the person in possession of the price sensitive information has an obligation to keep that information confidential and must not communicate it to another person unless it is information, which is required to be brought to the attention of the Company Secretary.

Insider trading is a criminal offence, which may also result in civil liability. In broad terms a person will be guilty of insider trading if:

- That person possess price sensitive information which is not generally available to the market; and
- That person buys, holds or sells securities in the company; or
 - procures another person to do so; or
 - passes that information on to a third party who would be likely to buy, hold or sell or procure someone else to do so.

Policies for Directors, Senior Finance, senior accounting & Nominated Employees

All **Directors** (of all Group entities), senior finance, senior accounting and nominated employees (together **Nominated Employees**) are bound as a condition of their employment to comply with and observe this Policy and the following restrictions that apply in addition to the general prohibitions detailed in this Policy.

Trading Windows

Provided **Directors** and **Nominated Employees** are not in possession of unpublished price sensitive information and have received written consent from the Company Secretary, or in the case of **Directors** of the listed company the Chairman through the office of the Company Secretary, the times during which they are permitted to trade in **Securities** issued by the Group are:

- Commencing 24 hours after the announcement of quarterly results until 30 days thereafter;
- Commencing 24 hours after the announcement of half yearly results until 30 days thereafter;
- Commencing 24 hours after the announcement of yearly results until 30 days thereafter; and
- Commencing 24 hours after the Annual General Meeting ("AGM") until 30 days thereafter.

To assist individuals comply with this requirement the Group will publish in advance the scheduled dates for announcing results and the AGM.

The Group may in its discretion vary this rule in relation to a particular period by general announcement. Where **Securities** issued by a Group entity do not have an Annual General Meeting or announce half yearly or yearly results, there will not be additional trading windows.

Black Out Periods

All periods outside of the trading windows are blackout periods in relation to security trading by directors, senior finance employees and nominated employees.

The Group may in its discretion nominate additional blackout periods by general announcement. These may be required where additional disclosure documents are released offering securities or as a result of certain disclosures being lodged with a stock exchange, e.g. the Australian Stock Exchange.

Discretion is vested in the Company Secretary to allow exemptions to trading during blackout periods in special circumstances only, where no price sensitive information is on hand and application of the Policy would cause hardship.

No Short Term Trading in Group securities

Directors and **Nominated Employees** must not deal in **Securities** issued by Group entities for short term gain. Speculating in short term fluctuations in such securities does not promote securityholder and market confidence in the integrity of the Group. Accordingly, trading in **Securities** issued by Group entities within 6 months of an acquisition is prohibited. The Group may in its discretion vary this rule in relation to a particular period by general announcement.

It is the responsibility of the Board of Directors:
